

Health and Safety Guidelines

2025 Community Transformation Workshop

To protect the health and safety of everyone who plans to attend and participate in the 2025 Community Transformation Workshop, we have the following guidelines in place:

- We ask that you respect the personal space of others while attending our workshop and avoid close contact with others if you begin to feel sick or experience symptoms of any kind while in attendance.
- Main Street America strongly recommends that you are fully vaccinated against COVID-19, including the latest boosters. Available vaccines have been shown to dramatically reduce the occurrence and severity of COVID-19. Vaccination is not required; however, it is strongly encouraged.
- Main Street America's workshop team will monitor the local public health and safety guidelines and will reserve the right to make determinations about our own protocols based on local information. We will update these guidelines should it become necessary.
- We strongly encourage all workshop goers to take whatever precautions they feel are prudent to protect themselves from any public health threat. Masking is encouraged for anyone who wants to ensure they are protected. MSA will have a limited supply of masks available onsite, but recommend you bring your own if you plan on masking.

Notice to Attendees

Anyone planning on attending the workshop needs to make their own individualized risk assessment and use judgment about their comfort level attending a large gathering.

Attendees should consult CDC, state, and local health authorities, as well as health care provider(s), for additional guidance applicable to their personal circumstances, including any order recommending or requiring them to quarantine after travel or after a possible or confirmed exposure to COVID-19. To the extent any federal, state, or local law requires safeguards in addition to those required in this policy, attendees should follow them. Attendees should also review policies and procedures from transportation and hotel providers prior to their attendance at the workshop.

Notice of Potential Event Changes

These health and safety guidelines are subject to change at any time, including but not limited to, recommendations in accordance with the CDC, state, and local health guidance.

Main Street America is not responsible for any additional costs you may incur due to a workshop cancellation, including but not limited to: cancellation fees, airfare, accommodations, transportation costs, etc.

Attendance at the workshop is subject to Main Street America's policies and procedures, which will be based on current government orders, policies and procedures of the venues, and other policies and procedures as may be determined necessary by Main Street America. Because public health conditions can change at any time, we reserve the right to change our policies and procedures at any time. By registering for the workshop, you agree to comply with government orders, Main Street America's, and the venue's policies and procedures, including, but not limited to: face coverings, physical distancing, quarantine, or health screenings and/or questionnaires.

Health and Safety Guidelines

2025 Community Transformation Workshop

Main Street America and/or any workshop venue reserve the right to ask an attendee to leave the workshop or to refuse admission to an attendee who violates the policies and procedures of the workshop, and/or the venue. If you are asked
